RED MARTINA

COME ON HOME

NOVEMBER 17TH

THE NEW HIP HOP / DOWNTEMPO ALBUM

**FEATURING PRODUCTION FROM STOUPE +
BADTAPE MUSIC**

Come on Home is the newest album by downtempo Philly hip-hop group Red Martina, set for release on November 17. The project features a heavy dose of live and sampled production from Stoupe and Ish Quintero, stitched together by vocalist Hayley Cass and Emcee Noesis. Groovy jazz and soul, psychedelic surf rock, sultry blues, and electro instrumentals provide the backing for thought provoking lyrics and sublime melodies on this album for all seasons.

The band performs live in Philadelphia at Milkboy on 11/21.

Red Martina emerged in 2013 with their debut album *Intransit* and hit single *Outside*. Produced by Stoupe's Badtape Music, the group brings stories to life with sounds that expands on precise cuts, Stoupe's signature driving drums, orchestral samples and classical guitars.
